

HOME SECURITY SURVEY

Safety begins at home, but few of us provide our families with more security than locked doors and windows. For example, do you know if you have removable hinge pins on the outside of your doors?

OR

What size wood screw is recommended to reinforce the strike plate on your exterior doors?

If it sounds a bit involved - it should. The safety of your family may be compromised, but a Home Security Survey could provide you, your family, and your valuables with an appropriate level of protection to reduce the odds of burglary and theft.

The Survey is simple, it's free, and can be done at your convenience. Officers perform a detailed security analysis of your home and provide you with a list of recommendations.

An integral part of the survey is an assessment of your personal safety habits while in the home or in your yard.

Take advantage of this free service, call **410-313-4795** and leave a message to make an appointment. If you would like more information on Home Security Surveys please contact the special operations bureau at 410-313-3758.

PLEASE REMEMBER TO.....

- > **Never** leave any valuables visible

Divorce with dignity and discretion. As seen in Baltimore Sun, Sept. 26th: <http://www.baltimoresun.com/news/local/howard/balte.ho.divorce05oct05.0.7672629.story>. Divorce litigation can bring out the worst in everyone --- but there is better choice: the Collaborative Law Process. People choose this process because they want to protect their family from the emotional trauma of divorce litigation. Collaborative clients control their own outcome, save money, and in the process realize that they can maintain civility and respect towards their former spouse in order to best parent their children or best honor their past relationship. If you would like more information on the Collaborative process visit: <http://mulinazzi.com/collaborativelaw.aspx>.
